## FEARS EXPRESSED ABOUT SHERIDAN

PREVAILING CALM WEATHER MAY FORETELL SEVERE STORM.—SHERIDAN STILL AGROUND.

At 1 p. m. today there was no change with the transport Sheridan. She was still aground. The transport Buford, revenue cutter Manning and U. S. S. Iroquois had lines on her but the vessel had not come into deeper water. People ashore who were waiting, with the aid of marine glasses, thought the vessel had moved 100 feet seaward.

Fears are now entertained that a severe storm is brewing. The present calm weather generally heralds a storm. In event of the Sheridan being aground when the storm springs up, she will be in a very bad way.

## APPEALED CASE TO WASHINGTON

THE SUIT OF THE TERRITORY AGAINST COTTON BROS. GOES ON WRIT OF ERROR.

A writ of error was secured from Chief Justice Frear yesterday afternoon, taking the case of the Territory against Cotton Bros. to the Supreme Court of the United States. The writ was secured by Kinney, McClanahan & Derby, for defendants, against whom a judgment for \$25,000, with accumulated costs, is pending. A bond of \$25,000 was filed with the appeal.

The principal point in the writ is said to be the question of Judge Gear's cable decision from San Francisco, ordering a new trial. This was on the last day of Gear's term as judge and after illness had detained him in San Francisco so that he could not get here to give his decision. The Supreme Court set aside the decision on the ground that he had no jurisdiction to decide by cable from San Francisco.

## Who Owns Cableship Restorer?

QUESTION OF OWNERSHIP FIRST ISSUE RAISED IN DEFENSE OF MANCHURIA.

The first move of the defense in the case of the cable company's \$300,000 libel against the steamer Manchuria was the filing of exceptions to the libel in behalf of the Pacific Mail Steamship Company, owners of the vessel. The exception is on the ground that it does not appear from the allegations of the libel that the cable company is sufficiently interested in the Restorer to be entitled to maintain the libel. On this ground, Kinney, McClanahan & Derby, the libel be dismissed.

The libel sets forth that the Restorer is under charter by the cable company. Judge Dole will hear argument on the matter tomorrow.

## COST OF A WIFE IN 1848

ROBERT BROWN'S COST HIM 64 CENTS A DAY AND HE WANTED HER BACK.

The latest curious discovery by Secretary Lydecker of the Board of Archives is a letter written by one Robert Brown, in 1848, to Dr. C. P. Judd, from which it appears that the support of Brown's wife was costing him 64 cents a day while she was living away from him and he wanted her back. The letter says:

"Koloa, February 28, 1846.

"Sir:—Having spoken to Governor Kanoa yesterday about my wife and he told me that you had not written to him anything about it, be so kind as to let him know whether I can take her back or not, as I have to pay the governor 64 cents per day for her. "Your obedient servant, "ROBERT BROWN."

## UNREGISTERED CAN BE JURORS

WRONG IMPRESSION THAT JURY DUTY CAN BE AVOIDED BY NOT REGISTERING.

Those citizens who are failing to register because they think it will keep them off the jury lists for the next two years are going to be disappointed. There is quite a general impression in town that no person can be a juror who is not registered. This impression is due to the law as it existed before the last legislature. The legislature amended the law so that it reads as follows, as far as defining qualifications of jurors is concerned: "If he is a male citizen of the United States, and of the Territory of Hawaii, of the age of 21 years, and possesses the qualifications for registration as a voter, and is a resident of the Circuit from which he is selected."

This disposes of the registration matter as far as jury duty is concerned, and a proposal has been made that the jury commissioners try to punish the unregistered by putting as many of them on the list as possible.

The Board of Registration held its usual morning session today, and resumed at 11 o'clock for a special noon session, such as was held yesterday. Chairman Chillingworth expressed himself as much gratified with the appreciation shown of the special session, by large noon attendance.

There will be another eleven-to-two session on Monday and on Tuesday, the last day on which registering can be done, the Board will sit all through the day and until midnight.

## Another Wail From The Band

TOO COLD, WITH NO SMOKING OR POI MAKES THE BOYS ANXIOUS TO GET BACK HOME.

Another wail was heard in this city yesterday from the band. Private letters were received in which nothing but hard luck stories appear.

The band was in Salt Lake City when the letters were written and they state that the boys have absolutely no money. Not even enough to buy smoking tobacco with. They state that Joe will pay them off in San Francisco, but the boys do not know how long it will be before San Francisco is reached.

One of the letters states that the band will not sail from San Francisco before Christmas day and that they will be lucky to sail even then. He adds that it was the hope of the band that money would be sent from the Supervisors here in order that they might come home.

Another plaint is that it is getting too cold back there for their comfort. They wish to get back to the land where it is always warm.

One boy added the following postscript: "Oh, how I would like to taste a little poi. Some of us got together once and sent to San Francisco and bought a can of the canned goods, but it was no good. Poi would be good now, but in its place we have to eat bread."

## SAY MAHI WAS DRUNK LAST NIGHT

POLICE HAVE OBTAINED TRACE OF HIM UP TO 10 O'CLOCK LAST NIGHT.

The police have been tracing the movements of Mahi the native stevedore whose body was found in the harbor today after the noon hour. Mahi was seen about 8 o'clock last night by Officer Apana. At that time Mahi was evidently somewhat under the influence of liquor. Officer C. A. Bishaw saw Mahi after 10 o'clock at the fishmarket. Mahi was then quite intoxicated but was not raising any disturbance so the officer told him to go home. Mahi started away in the direction of Mau-naka street.

The officers are inclined to the belief that the man went to the Inter-island wharf and fell into the water. There is a sort of cut and bruise about the left side of the face and head and the right ear is also cut. It is thought he struck his head on the edge of a small scow that is in the water about the place where he is supposed to have fallen off the wharf. The coroner's inquest will be held on Monday night. The deceased was 45 years of age and leaves a widow and three children.

It is supposed that the body was stirred by the water churned up by the propellers of the S. S. Manchuria whose engines are being tested at the Hackfeld wharf nearby.

## SENT MONEY BUT NO CERTIFICATE

HAWAII CANDIDATE WHOSE NAME SEEMS LIKELY TO BE LEFT OFF TICKET.

Chief Clerk Buckland of the Secretary's office received \$25 by the Mauna Loa this morning, for someone's nomination papers, but no address or papers came with the coin, and he does not know what to do with it. In another case, that of David Alawa, no money was enclosed as the letter stated, but it came by registered mail later. The \$25 is from North Kong, where it would seem to be likely that one would be candidate will be left off the ticket, for failure to file papers in time. The letter notifying Buckland that the money is coming had no address or signature, and no nomination papers or petition of voters accompanied it.

## STEAMER COMING

K. Yamamoto recently cabled to Yokohama to arrange for an extra steamer to come here, on account of the Manchuria and Mongolia being out of business, and this morning he received the following reply:

"YOKOHAMA, October 3.—An arrangement is made for an extra boat for freight and emigrants for Honolulu. She will sail Yokohama on or about 15th this month."

## YOU WILL PRIZE FIGHT, WILL YOU?

WITNESSES ARE SUMMONED TO APPEAR BEFORE THE FEDERAL GRAND JURY FOR EXAMINATION IN REGARD TO THE PRIZE FIGHT WHICH TOOK PLACE UP NUUANU VALLEY SOME TIME AGO—BRECKONS MEANS BUSINESS.

When United States District Attorney Breckons said that he would stop prize fighting he meant it. He did not promise the Ministerial Association to that effect for nothing. Now he is after the principals connected with the fight which took place up Nuuanu Valley sometime ago between a native boy and a Portuguese.

About twenty-five boys have been ordered to appear before the Federal Grand Jury for examination and the

case will probably go to the Grand Jury. The penalty is not less than one nor more than five years.

The fight took place in the vacant building owned by one of the Princes or the Kapiolani estate. It has not been occupied for several years and was last occupied by the late A. T. Atkinson.

The summonses were served today for next Monday morning at 10 o'clock to appear before the Federal Grand Jury.

## WHO TELEPHONED TO FERNANDEZ?

SOMEONE CALLED HIM UP AND SUMMONED HIM TO THE GOVERNOR'S OFFICE TO DISCUSS RESIGNING FROM THE BOARD OF HEALTH IF A CANDIDATE, BUT IT WAS NOT THE GOVERNOR—CARTER DOES NOT OBJECT.

"Hello, Mr. Fernandez."

"Hello."

"This is Governor Carter. I would like to see you about your being a candidate for Supervisor and at the same time a member of the Board of Health. Will you please call this afternoon?"

"All right, I'll come right up."

The above is substantially Fernandez' report of a telephone conversation he had yesterday afternoon. This morning when he finally got to see the governor he found he had been hoaxed, for the governor knew nothing about it and didn't want to see him on the subject. Now Fernandez is wondering who called him up and what was the scheme.

There are several theories. One is that someone was anxious to get the governor mixed up in the supervisory fight, and another is that the telephoning was done by someone who would like to get Fernandez off the Board of Health, hoping that he would quit when, as he supposed, given a warning by the governor that he couldn't run while a member. Another possibility is that it was a practical joke.

Fernandez was unable to see the governor yesterday afternoon. Carter

was busy and didn't know Fernandez was coming and so the latter was allowed to cool his heels in the outside office. He finally went away, surprised that he should be sent for and then not admitted.

This morning the would-be supervisor or made another call. "I don't know about resigning," he said when asked about the matter. "I haven't been able to see the governor yet."

As soon as he did see the governor Fernandez found that he was an unexpected caller. Carter didn't know anything about telephones he had received, and told him he had nothing to do with whether he ran for supervisor or not. Carter's position, as announced some time ago, is that under the Organic Act members of the legislature cannot hold other offices. There is nothing in the law, it is declared, to prevent a man being a supervisor and a member of the Board of Health at the same time.

After a short talk with the governor Fernandez left, satisfied that he could stay on the Board of Health and in the campaign too. Both he and Governor Carter are wondering now who did the telephoning, but it is not likely that they will ever know.

## LAUKEA JURY COMMISSIONER

JUDGE DOLE APPOINTS HIM AS THE DEMOCRATIC REPRESENTATIVE TO DRAW JURORS.

United States Judge Dole this morning appointed Col. C. P. Laukea jury commissioner for the federal court, to act with Clerk Frank Hatch. The order of appointment sets forth that Laukea is a well known Democrat in good standing, and that as such he is a member of the principal party opposed to that of Hatch, who is a Republican. Laukea is to act with Hatch in choosing the names to compose the federal jury list. Laukea immediately took the oath of office, on being appointed.
